DETAILED ACTION

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the closest prior art known to the Examiner is listed on the attached PTO 892 and 1449 forms. Yamakawa et al. in view of Nissen et al. and Nakayama et al. in view of Nissen et al. generally teach a copolymer similar to those claims used in conjunction with the electrolytes required. However, none of the prior art teaches a capacitor wherein the polymer has the specific weight percentages of co-monomers (a) and (b) further utilizing the Markush of electrolytes as required by the independent claim nor it would have been obvious to select components from the prior art to achieve the claimed capacitor.

Conclusion

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jaison P.

Thomas whose telephone number is (571) 272-8917. The examiner can normally be reached on Mon-Fri 9:30 am to 6:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Randy P. Gulakowski can be reached on (571) 272-1302. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
